The Board of Directors of the Company in its meeting held on 13-08-2016 have received the in-principle consent and confirmation from the proposed persons for converting the outstanding amount to Preference Shares of the Company. This allows the Company to carry out its operations smoothly as the Company would not be required to discharge its liability by making the cash payment to this loan and the conversion of loan to Preference Shares, which will in turn improve the performance / profitability in long run and also improve the current ratio of the Company. The unsecured loan is already utilised by the Company for the working capital requirements and also to avoid the adverse effect on the fund flow of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry structure and developments:

Fortune of your Company which is in refractory industry is directly linked to the performance of Steel Industry as it is the largest consumer of refractory products. The other consumers of refractory products are Cement, Copper, Glass, Aluminium and Petro-chemical industries etc. which are witnessing reasonable growth. All these factors will have a very positive impact on the growth of refractory industry in near future.

Nilachal Refractories Ltd. (NRL) is having its manufacturing unit in the State of Odisha near Dhenkanal. The Plant is strategically located and the Company hopes to take advantage of the boom in Steel and Aluminium industry in the region in times to come.

2. Opportunity, threats, risks and concerns:

Consequent upon technology advancement in steel making processes, major opportunity lies in manufacturing of continuous casting refractories, special monolithics viz. Castables, Plastic based ramming mass and gunning materials, etc. The Company is having its vision in line to this technology change.

Demand for refractories has increased substantially due to increased steel and Aluminium production in India. The future of the Company is bright with huge steel and aluminum manufacturing capacities being created in India especially in Odisha and Jharkhand.

Competition in refractory industry is building up. Lot of consolidation and re-organization is taking place in refractory industry. Input costs mainly the increase in cost of raw materials is also a cause of concern for refractory industry. Cost reduction measures will play an important role in keeping the unit viable in the face of stiff competition. Your Company has taken several cost reduction measures for improving operations to bring down the cost of production and is hopeful to successfully meet the challenges of competition.

Further during the year under review there have been continuous labour unrest and which took its toll on company's financial position and this is one of serious concerns of the company as on date for which remedial actions are already in place. The Company shall commence its production afresh and will be back at dominant position. The Company at present is at consolidation stage post all these problems.

The turnover from refractories items is Rs. 49.86 lacs during the year under review.

3. Outlook:

Production in steel industry has increased and the demand for refractory products is also increasing. NRL will not be able to survive by basing its products mix on low-end products. For a sustained growth, NRL will have to go for high value products for which your Company has started taking initiatives.

There are many small and large Steel and Aluminium Plants coming up around Dhenkanal and Odisha State on the whole which will demand high-end products. With this we estimate a large requirement of quality products with high value which should boost our total turnover as well as bottom line. In order to face this challenge, your Company emphasis on Human Resource Management and Human Resource Development which will ensure a capable and motivated team in place post settlement of all these labour issues. The Company is going to start afresh and shall have a new horizon.

4. Internal control system and their adequacy:

Information, reports, records, documents, transaction statements etc. are generated continuously in the organization and the inputs contained therein serve as a strong foundation for accelerated decision making. Great authenticity is lent to such inputs which represents the foundation for effective decisions. The Company has established proper internal control systems and procedures, which are compatible with size of its operation and business. Anneuxure B to the Independent Auditors's Report of Even Date on the Financial Statements of Nilachal Refractories Limited
Reports on Internal Financial Controls Over Financial Reporting under Clause (i) of Sub section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Nilachal Refractories Limited ("The Company") as of 31st March 2016 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of the internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of Internal Financial Control. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
